READ ME FIRST

Please read this first before you do anything else.

To install the **SOUND BLASTER/MCV** into your PS/2* computer, you must first follow the instructions below.

i.   The **SOUND BLASTER/MCV** does not have a built-in amplifier. You must connect the audio output of the **SOUND BLASTER/MVC** either to a power amplifier or to speakers which have built-in amplifier.

ii.   Please read "Installation Notes" thoroughly prior to installing **SOUND BLASTER/ MCV.**

iii. Please be very careful when you plug the **SOUND BLASTER/MCV** into the I/O slot.
